ENGINE TYPES: F3BE/F3HFE

La Mec-Diesel S.p.A. è uno dei più importanti fornitori europei di parti di ricambio motore nell'Independent Aftermarket (IAM).

L'azienda è stata fondata a Torino nel 1983 per soddisfare l'esigenza del mercato di reperire motori e parti di ricambio motore per applicazioni IVECO/FIAT/CNH, sia per veicoli commerciali leggeri, autocarri ed autobus, sia per macchinari movimento terra ed agricoli, sia per applicazioni marine ed industriali.

Nel corso degli anni, la gamma prodotti è stata ampliata ai ricambi per veicoli commerciali leggeri e pesanti delle principali case costruttrici europee quali MERCEDES, MAN, SCANIA, VOLVO e RENAULT, oltre che ai ricambi per i principali costruttori europei ed asiatici di autovetture.

La qualità dei prodotti Mec-Diesel è oggi riconosciuta in tutto il mondo come prima scelta in alternativa ai prodotti OEM di tutti i motori per veicoli commerciali ed industriali.

A garanzia dell'efficacia del servizio, è stata raggiunta e mantenuta con successo la certificazione ISO 9001. Inoltre per facilitare maggiormente il cliente, registrandosi sul portale e-commerce, è possibile verificare immediatamente la disponibilità a magazzino, nonché il prezzo riservato.
