MEC DIESEL CAMBIA LOOK

A BRAND NEW LOOK FOR MEC DIESEL PRODUCTS

Nuova veste grafica e qualità imballo sempre più alta per proteggere i prodotti distribuiti in tutto il mondo

New packaging graphics and higher quality to protect the products distributed all over the world

La **MEC DIESEL** da sempre è attenta alla cura dei dettagli, proprio per questo ha deciso di rinnovare la grafica e la qualità del packaging.

I prodotti Mec Diesel, con oltre 40.000 spedizioni annue, sono distribuiti in tutto il mondo in tempi brevi, grazie alla collaborazione con le maggiori aziende di logistica nazionali ed internazionali.

MEC DIESEL has always paid attention to the details, this is the reason why we have decided to renovate packaging graphics and quality.

Mec Diesel products, with more than 40.000 shipments per year, are distributed all over the world in a short time, thanks to the collaboration with the most important national and international logistics companies.

QUARTA EDIZIONE CATALOGO KIT RETTIFICA MOTORE MEC DIESEL

Il catalogo KIT Rettifica Motore Mec Diesel è giunto alla sua quarta edizione. Grazie alla costante ricerca e alle vostre segnalazioni, ha raggiunto una gamma di oltre 1000 kit, garantendoci la totale copertura dei motori di applicazione Iveco, Aifo e New Holland e una selezione sempre più vasta di veicoli circolanti stranieri quali DAF, MAN, Mercedes, Renault Trucks, Scania e Volvo.

Si arricchisce inoltre di una ampia scelta di KIT Rettifica Motore con applicazione veicolare leggera, vettura e veicoli commerciali, come Fiat, Ford, Mitsubishi, Renault, Smart e Volkswagen di alta movimentazione.

I KIT Rettifica Motore sono riportati per Costruttore ed in ordine crescente in base al diametro del pistone. Sono presentati secondo alcuni criteri, che offrono molteplici possibilità agli operatori:

- con pistoni OE (IVECO), con pistoni a marchio MEC DIESEL o di primo impianto.
- con o senza valvole di aspirazione e scarico.
- possono essere forniti con diverse maggiorazioni di bronzine banco e biella, a seconda delle esigenze.
- sono offerti con la guarnizione testata di prevalente spessore, con la possibilità su richiesta, di ogni alternativa.

Le descrizioni sono costruite in modo da facilitare l'identificazione corretta del KIT, con particolari descrittivi quali la presenza o meno del bordo della canna e soprattutto, le caratteristiche della vaschetta di combustione del pistone, che è un particolare indispensabile per la sua corretta definizione.

Eventuali KIT non presenti nel catalogo possono essere composti su richiesta specifica.

MEC-DIESEL ENGINE REPAIR KITS FOURTH EDITION CATALOGUE

The Mec-Diesel Engine Repair KITS catalogue is now in its fourth edition. Thanks to ongoing research and to your feedback, it now has a range of over 1,000 kits, providing us with total coverage of application engines Iveco, Aifo and New Holland and a more extensive selection of foreign vehicles such as DAF, MAN, Mercedes, Renault Trucks, Scania and Volvo.

It also boasts a wide selection of Engine Overhauling KIT with light vehicular application, fast moving car and commercial vehicles such as Fiat, Ford, Mitsubishi, Renault, Smart and Volkswagen.

The Engine Repair KITS are reported by the Manufacturer and in ascending order according to the piston diameter. They are submitted according to certain criteria that offer many opportunities for operators:

- *with OE pistons (IVECO), with brand MEC-DIESEL or original equipment pistons.*
- *with or without the intake and exhaust valves.*
- *they can be supplied with different undersize grades of main and connecting rod bearings, depending on your needs.*
- *they are offered with the cylinder head gasket of the prevailing thickness, with the option on request of each alternative.*

Descriptions are made to help for the right KIT identification, reporting deep details as the presence or absence of the barrel flange and, above all, the combustion bowl design, which is fundamental for the right piston definition.

Any KIT not listed in the catalogue can be made on specific request.

ESCLUSIONE DI RESPONSABILITÀ E COPYRIGHT

I dati riportati nel nostro catalogo sono stati attentamente controllati dal nostro personale, ma non sono da considerarsi vincolanti. Dato le diverse varianti e modifiche apportate dalle case produttrici, l'utente deve accertarsi che le parti siano adatte al suo scopo. In caso di dubbi l'acquirente è invitato a richiedere assistenza tecnica al numero +39 011 3972132.

Richieste di risarcimento danni causati dall'utilizzo non conforme di componenti contenuti nel catalogo, non saranno riconosciute. Tutti i particolari da noi forniti devono essere montati da personale specializzato, in caso contrario Mec Diesel non si assume responsabilità.

Mec Diesel è proprietaria di tutti i dati inseriti in questo catalogo, pertanto l'acquisizione parziale o completa dei contenuti e la duplicazione degli stessi, è consentita soltanto previa approvazione scritta da parte di Mec Diesel, come da nota di copyright.

Mec Diesel si riserva il diritto di apportare sviluppi tecnici o modifiche ai contenuti senza alcun preavviso. Restiamo a disposizione per eventuali chiarimenti.

DISCLAIMER AND COPYRIGHT

The information contained in our catalogue has been carefully checked by our staff, but it is not to be considered binding. Given the different variations and modifications made by the manufacturers, the user must ensure that the parts are suitable for their purpose. In the event of any queries, the buyer is advised to obtain technical assistance on the number +39 011 3972132.

Claims for damages caused by the non-compliant use of components contained in the catalogue, will not be recognised. All the parts supplied by us must be installed by qualified staff, otherwise Mec Diesel can not assumes responsibility.

Mec Diesel is the owner of all the data included in this catalogue. Therefore, the partial or complete acquisition of the content and the duplication thereof, is permitted only with the prior written approval of Mec Diesel, as noted in the copyright.

Mec Diesel reserves the right to introduce technical developments or changes in the content without prior notice. We remain at your disposal for any clarifications.

MONTAGGIO BRONZINA SPUTTER - *SPUTTER BEARING MOUNTING INSTRUCTIONS*

I cuscinetti SPUTTER con polverizzazione catodica PVD (Physical Vapor Deposition), sono utilizzati principalmente sul lato di pressione dei punti di appoggio. La corretta posizione di montaggio dei cuscinetti SPUTTER è un requisito essenziale per un funzionamento sicuro.

Nel caso del cuscinetto di biella, viene utilizzato sul lato stelo superiore, mentre il cuscinetto di banco viene utilizzato sul lato del coperchio inferiore. [FIG.1]

I cuscinetti SPUTTER con polverizzazione catodica PVD, sono contrassegnati dalla parte posteriore scura. [FIG.2]

Sputtered bearing shells with Physical Vapor Deposition (PVD), are primarily used on the thrust side of bearings. The sputtered bearing shell must be installed in there correct position to ensure operational safety.

In the case of conrod bearings, the sputter bearing is normally used in the rod side (top), the main bearing on the cap side (bottom). [FIG.1]

Sputter bearings are therefore always marked "sputter" on the back. [FIG.2]

Condizioni generali di vendita della MEC-DIESEL S.p.A.

MEC-DIESEL S.p.A. General Sales Terms

Ordini

Gli ordini si intendono accettati solo dopo nostra approvazione, che può essere tacita con l'evasione dell'ordine od esplicita con conferma scritta. La merce offerta per pronta spedizione o consegna si intende sempre con la clausola "per quanto in tempo e salvo il venduto". L'evasione degli ordini avviene sempre a prescindere dalla quantità ordinata, in confezioni standard o multipli di esse; qualora il committente esiga confezioni in quantità differenti dalle standard, le stesse verranno approntate come richieste ma senza sconti di quantità e salvo maggiori addebiti per costi di gestione. In caso di mancato ritiro delle merci ordinate, da parte nostra potremmo pretendere l'esecuzione del contratto oppure la sua risoluzione: in quest'ultimo caso il committente dovrà corrispondere il 20% dell'importo delle forniture a titolo di penale.

Prezzi

I prezzi s'intendono per merce resa franco nostro magazzino. I prezzi esposti a listino hanno la stessa validità del listino stesso, i prezzi relativi a nostre offerte verbali o scritte non possono avere validità superiore a trenta giorni di calendario, salvo periodo inferiore da noi specificato in fase d'offerta. In ogni caso i prezzi esposti o comunicati possono subire variazioni senza preavviso per improvvisa variazione del costo della materia prima, dei costi di produzione, per improvvisa variazione dei costi all'origine o variazioni repentine del tasso di cambio della nostra moneta per quanto riguarda i prodotti da noi commercializzati e/o importati.

Spedizione ed imballo

Il concorso per spese confezione ed imballo e le eventuali casse fumigate verranno addebitati specificatamente al committente.

Interessi di mora

Il mancato rispetto dei termini di pagamento riportati in fattura viene considerato come condizione sufficiente per la messa in mora senza altro avviso, in conseguenza dal giorno successivo alla scadenza pattuita viene conteggiato il periodo di mora sino al momento della reale disponibilità da parte nostra della cifra dovuta; il tasso d'interesse che verrà applicato per ritardato pagamento sarà quello di cui all'art. 5 D.Lgs. 231/2002, determinato in misura pari al saggio d'interesse del principale strumento di rifinanziamento della BCE applicato alla sua più recente operazione di rifinanziamento principale effettuata il primo giorno di calendario del semestre in questione, maggiorato di sette punti percentuali.

Clausola di riservato dominio

Tutti i nostri materiali sono venduti con patto di riservato dominio. Pertanto sino a che non saranno integralmente pagate le fatture, i materiali s'intendono di nostra proprietà.

Consegna

I termini di consegna non sono tassativi e pertanto devono intendersi approssimativi; verificandosi casi fortuiti o di forza maggiore (compreso il caso di guerra, di mobilitazione o di requisizione) ci riserviamo il diritto di annullare in tutto od in parte le ordinazioni, senza che il committente possa richiedere risarcimento di qualsiasi danno. Le avarie alle macchine, le interruzioni o limitazioni di energia elettrica o gas, i ritardi o l'insufficienza dei vagoni ferroviari e mezzi di trasporto, nonché qualsiasi fatto accidentale da cui esuli la nostra colpa costituiscono casi fortuiti e di forza maggiore.

Spedizione

La merce viaggia sempre a rischio e pericolo del committente, viene esclusa ogni nostra responsabilità, anche in caso di vendita franco destino o stazione arrivo. È dovere del committente verificare le condizioni dei colli prima del ritiro, facendo le dovute riserve a chi di ragione in caso di differenze di peso o di constatate avarie. Eventuali assicurazioni sono a carico del committente e devono essere richieste esplicitamente nell'ordine. In caso di mancata indicazione da parte del committente delle modalità di spedizione, agiremo su nostra iniziativa al meglio nell'interesse del committente, ma senza alcuna responsabilità per quanto riguarda le tariffe e la via di trasporto prescelta.

Reclami e resi

I reclami dovranno pervenire entro cinque giorni dal ricevimento della merce. Per nessun motivo sarà accettata di ritorno, senza nostra autorizzazione scritta, merce regolarmente ordinata. I resi per errore del cliente dovranno pervenire entro cinque giorni di calendario dalla data della consegna a cura e spese del cliente. Sui resi per errore del cliente verrà effettuato l'accredito a scadenza dell'80% dell'importo, trattenendo il 20% con un minimo comunque di 50,00 Euro a titolo di rimborso spese commerciali, amministrative e di riconfezionamento.

Garanzia

Garantiamo i nostri prodotti contro i difetti di fabbricazione per un anno dalla data della fattura, ma in ogni caso la nostra responsabilità è limitata alla sostituzione gratuita, dei particolari da noi fabbricati o commercializzati, purché non siano stati modificati, manomessi o ne sia stato fatto un uso improprio. In caso di indisponibilità dei medesimi particolari per la sostituzione, la garanzia sarà limitata alla restituzione dell'intero prezzo pagato dal cliente per l'acquisto. Non viene comunque accettata alcuna responsabilità per qualunque conseguenza e/o danno derivante dalla merce fornita, compresi, a titolo esemplificativo e non esaustivo: costi di mano d'opera per smontaggi e/o montaggi, costi di selezione, costi per l'eventuale acquisto di parti complementari e costi per fermi di produzione. Le caratteristiche, le prestazioni, i pesi e le misure indicati nei cataloghi si intendono del tutto indicativi ed approssimativi e possono variare senza preavviso. Per materiali non di nostra fabbricazione, la garanzia viene concessa con tutte le limitazioni che ci dovessero essere imposte dai nostri fornitori. Ai fini della garanzia dovrà obbligatoriamente essere resa la merce di cui si chiede la sostituzione, in assenza di restituzione non potrà operare la garanzia.

Foro competente – Per ogni controversia si applica la legislazione italiana ed è competente il Foro di Torino.

N.B.: Le suddette condizioni si intendono accettate integralmente ed incondizionatamente con l'emissione di ordinazione scritta o verbale, salvo nostre specifiche deroghe scritte. Si accettano specificamente ad ogni effetto di legge le condizioni relative al Foro competente le clausole nella parte in cui viene esclusa la facoltà dell'acquirente di chiedere il risarcimento dei danni ed esclusa la responsabilità di Mec-Diesel s.p.a., nonché la durata e le condizioni di garanzia e le limitazioni previste (Consegna - Reclami e resi – Garanzia).

Orders

Orders shall be rated as accepted only upon our approval, which can be given either tacitly, by filling the order, or explicitly, through a written confirmation. The goods offered, ready for shipment or delivery, are always to be construed as "subject to the period of validity and availability in stock". Regardless of the quantity ordered, all orders are always filled with goods in standard packages or multiples thereof; if the buyer requests quantities other than as contained in our standard packages, the goods shall be packaged and supplied as requested but without any quantity discount and subject to higher charges for management costs. If the goods ordered are not collected, we shall have the right to request either the execution or the termination of the contract; in the latter case, the buyer shall pay a penalty corresponding to 20% of the amount due for the goods ordered.

Prices

Prices are quoted for goods free ex our warehouse. The prices given in our price list have the same validity as the price list itself. The period of validity of the prices quoted in our verbal or written offers cannot exceed 30 calendar days, unless a shorter period has been specified at the offer stage. At all events, the prices given or communicated may undergo variations without warning due to sudden variations in the prices of raw materials, production costs, costs at the origin or, where the products we market and/or import are concerned, sudden variations in the exchange rate of our currency.

Shipment and packaging

Contributions for packaging and shipment costs and, if applicable, for fumigated crates, shall be charged specifically to the buyer.

Late payment charges

Failure to comply with the payment terms specified on the invoice is a sufficient condition for placement in arrears without further notice; accordingly, the late payment period shall be deemed to elapse from the day after the due date agreed upon to the time the amount due actually becomes available to us; the interest rate applied for late payments shall correspond to the rate provided by Art. 5 Legislative Decree 231/2002, determined to an extent equal to the ECB's main refinancing tool applied to its most recent main refinancing operation carried out the first calendar day of the half-year in question, plus seven percentage points.

Lien clause

Our materials are sold subject to lien. Accordingly, until the invoices have been paid in full, the materials shall remain our property.

Delivery

The terms of delivery are not mandatory and shall be construed as indicative. If any accidental or force majeure events occur (including war, mobilisation or expropriation), we reserve the right to cancel the orders either fully or partly, without the buyer being entitled to seeking any reimbursement for damages. Machine failures, outages or restrictions in the supply of electric power or gas, delays or insufficient capacity of railroad cars or other means of transport, as well as any other accidental event for which our company is not responsible shall be construed as fortuitous or force majeure events.

Shipment

All goods travel at the buyer's risk, any liability on our part being ruled out, even in the case of delivery free at destination or at the station of arrival. The buyer is responsible for verifying the conditions of the packages before collecting them, expressing the appropriate reservations to the persons responsible in the event of any differences in weight or any damage being observed. Insurance coverage shall be at the expenses of the buyer and shall be requested expressly in the order. If a buyer fails to specify the desired shipment modalities, we shall act of our own initiative in the best interest of the buyer, without, however, assuming any responsibility for the rates applied and the transport route selected.

Complaints and returns

No complaints shall be accepted after five days of receipt of the goods. If the goods have been ordered regularly, no returns shall be accepted for any reason whatsoever without our prior written authorisation. Returns caused by incorrect customer orders, shall be accepted within five calendar days from the date of delivery. Customers shall pay whole shipping costs. 20% of the value of the purchased goods will be charged in case the customer decides to return them, subject to a minimum recoupment of 50.00 Euro as reimbursement for commercial, administrative and repackaging expenses.

Warranty

Our products are one year guaranteed from the invoice date against manufacturing defects, but in any case our liability is limited to free replacement of the parts that we produce and/or market, provided that such parts have not been altered, tampered with or used in an improper manner. In case of unavailability of the same parts for replacement, warranty shall be limited to refund the whole price paid by customer for purchasing them. No liability shall be accepted under any circumstances for any consequences and/or damage arising from the goods supplied, including, but not limited to: labour costs for assembly and/or disassembly processes, sorting costs, costs incurred for the purchase of complementary parts, downtime costs. The technical data, performances, weights and dimensions specified in the catalogues are merely indicative and approximate, and are subject to changes without warning. For materials not of our production, the warranty is granted with all the limitations as may be imposed by our suppliers. For the purpose of the warranty, all goods which requires replacing shall be returns. In absence of return, warranty will be not applied.

Competent court – Any disputes shall be brought before the Court of Turin.

N.B. The above terms shall be construed as accepted in full and unconditionally through the issuing of a written or verbal order, save for specific written waivers on our part. The terms regarding the Competent Court and shipment terms with regard to the clause that excludes the buyer's right to seek damage, also disclaims Mec-Diesel SpA responsibility, duration and conditions of warranty and estimated limitations (Delivery – Complaints and Returns – Warranty) are accepted specifically and to all legal intents and purposes.

MEC DIESEL: E-COMMERCE
